About C2C Festival
C2C Festival stands as one of the world's premiere avant-pop music events. From 2022, marking the 20th anniversary of the festival, a new symbol for C2C was introduced: a winged figure representing the future state of the body. It embodies the urgency of placing the human form centre stage, celebrating freedom, the need to come together, to dance, to listen, to enlighten and be enlightened. C2C Festival was born in the early 2000s as Club To Club. Over the years, it has evolved from one of Europe's eminent dance fests to an internationally celebrated platform showcasing some of the most adventurous contemporary music.
