INFORMATION ON THE REMUNERATION PLAN BASED ON THE ALLOCATION
OF MONCLER S.P.A. COMMON SHARES SUBJECT TO APPROVAL BY THE
SHAREHOLDERS' MEETING

(drawn up in accordance with Article 84-bis of the Regulation adopted by CONSOB with Resolution No. 11971 of 14 May 1999 and subsequent amendments and additions)

Milan, 29 January 2014

FOREWORD

This information document (the “**Information Document**”), drawn up in accordance with Article 84-*bis* and Schedule 7 of Appendix 3A of the Regulation adopted by CONSOB with Resolution No. 11971 of 14 May 1999 and subsequent amendments and additions (the “**Issuers’ Regulation**”) concerns the proposal for adopting the “2014-2018 Top Management and Key People Stock Option Plan” approved by the Board of Directors of Moncler S.p.A. (the “**Company**” or “**Moncler**”).

On 24 January 2014, Moncler’s Board of Directors approved, with the favourable opinion of the Appointments and Remuneration Committee, the proposal to submit to the Shareholders’ Meeting the adoption, in accordance with Article 114-*bis* of the Legislative Decree of 24 February 1998, No. 58 and subsequent amendments and additions (“**TUF**”), of the stock option plan called “2014-2018 Top Management and Key People Stock Option Plan” (the “**Plan**”), which provides for free allocation of options for the subscription of ordinary shares newly issued by the Company, in the ratio of one share per option, pursuant to the terms and conditions established by the Plan and described herein.

As of the date of this Information Document, the proposal for adoption of the Plan has not yet been approved by the Company’s Shareholders’ Meeting, which has been called for 28 February 2014, in single convocation.

Therefore:

- (i) this Information Document is drawn up exclusively on the basis of the contents of the proposal for adoption of the Plan approved by the Company’s Board of Directors on 24 January 2014;
- (ii) every reference to the Plan contained in this Information Document must be understood as referring to the Plan adoption proposal.

If necessary and within the time limits and manners prescribed by the applicable law, this Information Document will be updated in the event of the proposal for adoption of the Plan being approved by the Company’s Shareholders’ Meeting in conformity with the resolutions adopted by the same Meeting and by the bodies competent for implementation of the Plan.

It is specified that the Plan is to be considered of “*particular importance*” in accordance with Article 114-*bis*, paragraph 3 of the Consolidated Law on Finance and of Article 84-*bis*, paragraph 2 of the Issuers’ Regulation, as it is aimed, among other things, at executives and managers with strategic responsibilities of the Company and its subsidiaries in accordance with Article 93 of the Consolidated Law on Finance (the “**Subsidiaries**”).

c) *of any other categories of employees or collaborators for whom differentiated characteristics of the plan have been foreseen (e.g., executives, middle management, employees, etc.).*

There are no categories of employees or collaborators for which differentiated characteristics of the Plan have been foreseen.

2. REASONS BEHIND ADOPTION OF THE PLAN

2.1 The objectives that it is intended to achieve by means of attribution of the plans

In line with the best market practices adopted by listed companies at the national and international level, the Company believes remuneration plans based on shares constitute an effective tool for incentivizing and building loyalty among the people who hold key positions and for employees in order to keep their performances high and to improve them and contribute to increasing the growth and success of the companies.

The adoption of remuneration plans based on shares responds, moreover, to the recommendations of the Self-Regulatory Code, Article 6 of which recognizes that such plans constitute an instrument suitable for enabling alignment of the interests of the executive directors and executives with strategic responsibilities of listed companies with those of the shareholders, making it possible to achieve the priority objective of value creation in a medium-long term time frame.

These objectives underlie the proposal for adoption of the Plan whose adoption is proposed also aiming to reward the key people, employees and collaborators of the Company and its Subsidiaries for the efforts made for the growth of the Group in the last few years, culminating with the successful procedure of listing its shares on the Electronic Share Market, in whose context the Plan is to be implemented.

In particular, in line with what is represented above, by the Plan Moncler intends to promote and achieve the following objectives: (i) link overall remuneration and in particular the incentive system of management personnel and key people of the Group to the actual performance of the Company and to the creation of new value for the Moncler Group, as also intended by the Self-Regulatory Code; (ii) orient key company personnel towards strategies aimed at achieving medium-long term results; (iii) align the interests of the Top and Middle Management with those of shareholders and investors; (iv) further develop retention policies aimed at building loyalty among key company people and incentivizing them to stay with the Company or with the Moncler Group; and (v) additionally develop policies designed to attract talented managerial and professional personnel on the world's markets, for the purpose of the continuous development and strengthening of Moncler's key, distinctive competences.

2.1.1 Additional information

The reasons and criteria on the basis of which the Company will establish the relationship between the allocation of the Options and other components of the overall remuneration of the Beneficiaries refer, on the one hand, to the need to reconcile the goals of incentivizing and building the loyalty of people who play key roles, in order to keep performances high and to improve them and thus contribute to increasing the growth and success of the Company, and on the other to pay the people concerned an overall benefit in line with the best market practices adopted by listed companies at the national and international level, as already evidenced by the Self-Regulatory Code in accordance with what is indicated in Paragraph 2.1 above.

The Plan is developed in a time frame considered suitable for achieving the objectives of incentivizing

and loyalty building pursued by it.

2.2 Key variables, also in the form of performance indicators considered for the purposes of the attribution of the plans based on financial instruments

Each Beneficiary will be able to exercise the allocated Options on condition that the specific performance objectives connected with EBITDA are achieved.

In particular, the business plan for the 2014-2016 period, approved by the Moncler Board of Directors on 26 September 2013, establish the EBITDA-related performance objectives in 2016 as shown by the consolidated financial statements relating to that year which will represent the parameter for identifying the percentage of Options exercisable by the Beneficiaries with reference to the attribution cycle (the “Objectives”).

2.2.1 Additional information

The number of Options exercisable as a result of achievement of the Objectives will be calculated on the basis of the following table.

EBITDA achieved in financial year 2016	Exercisable options
$\geq 90\%$	100%
$\geq 85\%$ and $< 90\%$	80%
$< 85\%$	0%

In the case of failure to achieve the minimum Objective of 85% of EBITDA reached in financial year 2016 the allocated Options will lapse and shall be considered to all intents and purposes extinct.

The Board of Directors, after having heard the opinion of the Remuneration Committee, shall have the right to give its consent to exercise the Options, in whole or in part, also in the hypothesis of failure to achieve the Objectives.

2.3 Elements underlying the determination of the amount of the remuneration based on financial instruments, i.e. the criteria for its determination

At the Allocation Date, the Company’s Board of Directors will determine the number of Options to assign to each Beneficiary.

In particular, the Board of Directors, after having heard the opinion of the Remuneration Committee, will decide the number of Options to allocate to each Beneficiary, evaluating the strategic importance of each Beneficiary as a function of the creation of new value.

2.3.1 Additional information

Consistently with what was illustrated in Paragraph 2.3 above, the number of Options to allocate to each Beneficiary will be established by the Board of Directors, after having heard the Remuneration Committee, considering the following elements:

- Organizational importance of the position
- Performance track of the holder of the position
- Criticality of retention
- Organisational fit and trust
- Succession Planning
- Talent and potential

2.4 Reasons underlying any decision to attribute remuneration plans based on financial instruments not issued by the financial instrument issuer, such as financial instruments issued by subsidiary or parent companies or third-party companies with respect to the group to which they belong; in the case in which the aforesaid instruments are not traded on regulated markets, information on the criteria used to determine the value attributable to them

Not applicable, as the Plan provides for assigning the Beneficiary the right to receive (free of charge) Options that attribute the right to subscribe Shares.

2.5 Evaluations regarding significant fiscal and accounting implications that have influenced the Plan's definition

There are no significant implications of an accounting or fiscal nature that have impacted the definition of the Plan.

2.6 Any support of the plan through the special Fund for incentivizing the participation of workers in enterprises, as per Article 4, paragraph 112 of the Law of 24 December 2003, No. 350

The Plan will not receive any support from the special Fund for incentivizing the participation of workers in enterprises, as per Article 4, paragraph 112 of the Law of 24 December 2003, No. 350.

3. APPROVAL PROCESS AND TIMING OF ALLOCATION OF THE SHARES

3.1 Framework of the powers and functions delegated to the Board of Directors by the Shareholders' Meeting for the purpose of implementation of the plan

On 1 October 2013, in the context of the procedure for listing the Shares on the Electronic Share Market, the Company's Shareholders' Meeting delegated to the Board of Directors, in accordance with Article 2443 of the Civil Code, effective 16 December 2013, the starting date of trading of the shares on the Electronic Share Market, the right to increase the capital with exclusion of the right of option in accordance with Article 2441, paragraphs 5 and 8 of the Civil Code, one or more times within the maximum period of five years for a maximum amount of €1,500,000.00, in service of one or more stock incentive plans for directors, employees and collaborators of the Company and/or its subsidiaries to be approved by the Shareholders' Meeting.

On 24 January 2014, the Company's Board of Directors, with the favourable opinion of the Remuneration Committee and the abstention of the executive directors, voted to submit the Plan for approval by the Shareholders' Meeting.

The Meeting will be called to decide, in addition to approval of the Plan, also on granting to the Board of Directors all necessary and appropriate powers to give complete and full implementation to the Plan, in particular (merely by way of example) all powers to approve the Implementation Regulation, modify and/or add to it, identify the Beneficiaries, determine the amount of Options to allocate to each Beneficiary, proceed to the allocations of the options to the Beneficiaries, provide for the drawing up and/or finalization of all necessary or appropriate documentation in relation to the Plan, as well as carry out all acts, obligations, formalities and communications which are necessary or opportune for the purposes of the management and/or implementation of the Plan, with the right to delegate its powers, tasks and responsibilities regarding the execution and application of the Plan to the Chairman of the Board of Directors, without prejudice to the fact that every decision relating and/or pertinent to the allocation of the options to the Chairman as beneficiary (like every other decision relating and/or pertinent to the management and/or implementation of the Plan in his regard) shall remain the exclusive competence of the Board of Directors.

3.2 Indication of those being entrusted with the administration of the plan and their function and competence

The competence for execution of the Plan will lie with the Board of Directors, which will be charged by the Shareholders' Meeting with the management and implementation of the Plan, availing itself of the Remuneration Committee as well as the assistance of the Human Resources Management.

The operational management of the Plan will be delegated to the Chairman of the Board of Directors, who will work in conformity with the provisions of the Plan Implementation Regulation. In the hypothesis of conflict of interest of the Chairman, the operational management of the Plan shall be remitted to the Board of Directors, in its collegiality, after having heard the opinion of the Remuneration Committee.

Administration of the Plan will be cared for by a trust company which will operate on the basis of a specific mandate granted by Moncler and will have to abide by the provisions of the Plan Implementation Regulation applicable thereto.

3.3 Any existing procedures for review of the plans, also in relation to any changes in the basic objectives

Without prejudice to the competence of the Shareholders' Meeting in the cases established by law, the Board of Directors, after having heard the Remuneration Committee, will be able at any time to make the modifications considered opportune in order to: (i) bring the Plan into conformity with the existing or proposed legislation; or (ii) take account of any legislative modifications; or (iii) improve the efficacy of the Plan in conformity with its objectives, without in any case harming the rights acquired by the Beneficiaries following the allocation of Options.

3.4 Description of the ways of determining the disposability and the allocation of the financial instruments on which the plans are based (e.g., free allocation of shares, capital increases with exclusion of the right of option, purchase and sale of own shares)

The Plan provides for free allocation to the Beneficiaries of Options valid for the subscription of Shares newly issued by the Company, in the ratio of one Share for each Option exercised.

The overall maximum number of Shares to be assigned to the Beneficiaries for execution of the Plan is set at 5,030,000.

Subject to approval of the Plan by the Shareholders' Meeting, the Board of Directors will partially exercise the authorization to increase the share capital granted in accordance with Article 2443 of the Civil Code by the Shareholders' Meeting of 1 October 2013, increasing, on a paid basis and by share splitting, within the final deadline of 15 October 2018, the Company's share capital for a maximum amount of €1,006,000, with exclusion of the right of option in accordance with Article 2441, paragraphs 5, 6 and 8 of the Civil Code, through the issue of a maximum of 5,030,000 new common Shares, without indication of the expressed nominal value, having the same characteristics as those in circulation on the date of issue, with regular enjoyment, in service of the Plan, at an issue price of €10.20 per Share.

For further information in the capital increase for the Plan, see the illustrative report prepared in accordance with Article 72 of Appendix 3A, Schedules 2 and 3, of the Issuers' Regulation, which will be put at the public's disposal within the legal time limits by publication on the Company's website www.monclergroup.com, in the section "*Governance > Shareholders' Meeting*", at least 21 days prior to the date foreseen for the Meeting called for approval of the Plan, together with the opinion of fairness of the issue price of the shares issued by KPMG S.p.A., charged with the auditing of Moncler's accounts, in accordance with the combined provisions of Articles 2443 and 2441, paragraph 6 of the Civil Code and of Article 72 of the Issuers' Regulation.

The Company will make available to the Beneficiary the Options to which he is entitled in the time limits and ways established in the Plan Implementation Regulation.

3.5 The role of each administrator in determining the characteristics of the aforementioned plans; any occurrence of conflict of interest situations of the involved administrators

The characteristics of the Plan, to be submitted for approval by the Shareholders' Meeting pursuant to and in accordance with Article 114-*bis* of the Consolidated Law on Finance, were determined collegially by the Board

of Directors, which approved submission of the proposal to adopt the Plan to the Shareholders' Meeting, with the abstention of the administrative directors, after having heard the favourable opinion of the Remuneration Committee.

3.6 For the purposes of Article 84-bis, paragraph 1, the date of the decision taken by the competent body for proposing approval of the plans to the Shareholders' Meeting and of any proposal by a remuneration committee

On 24 January 2014, the Company's Board of Directors approved the proposal to submit the adoption of the Plan to the Shareholders' Meeting, with the abstention of the executive directors, after having heard the favourable opinion of the Remuneration Committee.

3.7 For the purposes of what is required by Article 84-bis, paragraph 5, letter a), the date of the decision taken by the competent body in regard to assignment of the instruments and of any proposal to the aforesaid body formulated by a remuneration committee

Not applicable, as at the date of this Information Document, the Plan has not yet been approved by the Company's Shareholders' Meeting.

3.8 The market price, recorded on the aforesaid dates, for the financial instruments the plans are based on, if traded on regulated markets

Not applicable, as on the date of this Information Document the Plan has not yet been approved by the Company's Shareholders' Meeting.

3.9 In case of plans based on financial instruments traded on regulated markets, in which terms and according to what ways the issuer takes account, in the area of identification of the timing of allocation of the instruments in implementation of the plans, of any timing coincidence between: (i) said allocation or any decisions taken in this regard by the remuneration committee, and (ii) the dissemination of any relevant information in accordance with Article 114, paragraph 1, such as in the case that such information is: a. not already public and apt to influence the market quotations positively, or b. already published and apt to influence the market quotations negatively

The structure of the Plan, the conditions, the duration and the ways of allocating the Options currently do not lead one to believe that the allocation can be significantly influenced by any dissemination of relevant information in accordance with Article 114, paragraph 1 of the Consolidated Law on Finance, it being understood that the procedure for allocation of the Options will in any case take place in full compliance with the information obligations incumbent upon the Company in order to ensure transparency and equality of information to the market, as well as in keeping with the internal procedures adopted by the Company.

The Plan further provides that the Beneficiary cannot exercise the assigned Options:

- in the fifteen days that precede the meetings of the Board of Directors for approval of the interim management reports;
- in the thirty days that precede the meetings of the Board of Directors for approval of the six-monthly financial report and of the draft budget.

The Board of Directors may also provide for additional periods of blockage of exercise of the Options with reference to all or only some of the Beneficiaries.

The Beneficiaries will also be bound to comply with the applicable regulatory provisions, with particular reference to the legislation in regard to market abuses in relation to operations of exercising the Options and to disposal of the Shares resulting from exercise of the allocated Options relating to participation in the Plan.

Ascertained violation by the Beneficiary, even non definitively, of conduct that can be considered insider

trading or market manipulation according to the Consolidated Law on Finance and the Company's Internal Dealing Code will entail automatic exclusion of the Beneficiary from the Plan and lapse of the unexercised Options referable to him.

4. CHARACTERISTICS OF THE ALLOCATED INSTRUMENTS

4.1 Description of the forms in which the remuneration plans based on financial instruments are structured

The Plan provides for the free allocation of Options which allow, at the established conditions, subsequent subscription of the Shares, with regulation for physical delivery. It is therefore a matter of stock options.

Each allocated Option grants the Beneficiary the right to subscribe one Share, for regular enjoyment, upon payment to the Company of the Exercise Price.

It will be possible to exercise the assigned Options in several tranches, subject to achievement of the Objectives indicated in Paragraph 2.2 above.

4.2 Indication of the period of effective implementation of the plan, also with reference to any different foreseen cycles

The Plan initially provides for a single Options allocation cycle.

The cycle is composed of a period of Option accrual (the Vesting Period) which runs from the Option Assignment Date to the day of approval by the Moncler Board of Directors of the Financial Statements relating to the Year ending 31 December 2016, and of an additional period (the Exercise Period) during which the Beneficiary, in compliance with what is indicated in the Plan, may exercise the Options. The final time limit by which the Options must be exercised by the Beneficiary is 30 September 2018 (the Expiry Date). Options not exercised by the Expiry Date must be considered to all intents and purposes extinct, consequently freeing the Company from any obligation resulting from the Plan in relation to the Beneficiary.

At the discretion of the Board of Directors, other Options allocation cycles may be provided for subsequently, in keeping with the authorization for the increase in share capital attributed to the Board of Directors by the Extraordinary Shareholders' Meeting and with the resolutions voted by the Ordinary Shareholders' Meeting called to approve the Plan. In this event the Board of Directors, after having heard the opinion of the Remuneration Committee, will specify the exercise price, the vesting period, the exercise period and the expiry date of the allocated options.

The Board of Directors, after having heard the opinion of the Remuneration Committee, will have the right to provide, also in individual cases, for advance exercise of the allocated Options or of part of them.

4.3 Time limit of the plan

See what is specified under Paragraph 4.2 above.

4.4 Maximum number of financial instruments, also in the form of options, assigned in each fiscal year in relation to the parties identified by name or to the indicated categories

The Plan provides for the allocation of up to 5,030,000 Options which give the right to subscribe an equal maximum number of newly issued Shares.

The Plan does not provide for a maximum number of Options for allocation in a fiscal year.

4.5 Manner and clauses of implementation of the plan, specifying whether the effective allocation of the instruments is subject to the occurrence of conditions or to the achievement of certain results, including performance results; description of such conditions and results

For what concerns the manner and the clauses of implementation of the Plan, see what is provided for by the individual sections of this Information Document. In particular, on the Allocation Date, the Company's Board of Directors will determine the number of Options to assign to each Beneficiary according to the criteria indicated in Paragraph 2.3 above.

The allocation of the Options to the Beneficiaries is free of charge, is not subordinate to the achievement of performance objectives, and is not correlated to other key variables. Each Beneficiary may exercise the allocated Options by subscribing the Shares, on condition that the Objectives specified in Paragraph 2.2 above have been achieved.

4.6 Indication of any constraints on disposability of the allocated instruments or of the instruments resulting from exercise of the options, with particular reference to the time limits within which subsequent transfer to the company or to third parties is permitted or prohibited

The Options and all the rights incorporated therein are strictly personal, nominative, non-transferable and non-tradable (except, within certain limits, transferability upon death) and are therefore not distrainable and not usable in relation to debts or contracts assumed by each of the Beneficiaries vis-à-vis Moncler or third parties.

No constraints are foreseen on transfer of Shares in the Company subscribed as a result of exercise of the Options.

4.7 Description of any conditions subsequent in relation to attribution of the plans in the case that the addressees engage in hedging operations that make it possible to neutralize any prohibitions of sale of the assigned financial instruments, also in the form of options, or of the financial instruments resulting from the exercise of such options

Not applicable, as no subsequent conditions are foreseen in the event that the Beneficiary engages in hedging operations.

4.8 Description of the effects determined by termination of the employment relationship

Termination of the employment relationship envisages the following circumstances: (i) dismissal of the Beneficiary by Moncler or by another Subsidiary in the case that the Beneficiary is an employee; (ii) withdrawal from the employment or collaboration relationship on the part of Moncler or of another Subsidiary in the case that the Beneficiary is not an employee; (iii) revocation of the mandate by Moncler or by another Subsidiary in the case that the Beneficiary holds the post of director; (iv) resignation of the Beneficiary in the case that the Beneficiary is an employee; (v) withdrawal from the employment or collaboration relationship in the case that the Beneficiary is not an employee; (vi) remission of the mandate by the Beneficiary in the case that he holds the post of administrator; (vii) consensual termination of the employment or collaboration relationship; (viii) expiry of the time limit specified in the employment or collaboration contract, without there being an extension or conversion of the employment relationship to open-ended.

In the following events the Beneficiary will not be entitled to exercise the accrued (and not-exercised yet) Options, and Options not accrued at the date of:

- reception of the letter of dismissal or withdrawal from the relationship or revocation of the appointment (hypotheses (i), (ii) and (iii));
- communication of resignation or withdrawal from the relationship or remission of the appointment (hypotheses (iv), (v) and (vi));
- termination of the employment relationship and expiry of the mandate (hypotheses (vii) and (viii)).

Said Options shall therefore be considered to all intents and purposes extinct.

Subject to the occurrence of these hypotheses, no compensation or indemnification is due by Moncler for any damages and/or harm sustained by the Beneficiaries. For the purposes of this provision the notice period is not taken into consideration in relation to the accrual and/or exercise of the Options.

Without prejudice to what is provided for cases of Change of Control (described below) in the eventuality in which during the Vesting Period the administration mandate (a) arrives at expiry or (b) ceases because of resignation of the entire Board of Directors and it is not renewed, the Options may be kept and exercised in the course of the Exercise Period subject to the achievement of the Objectives.

In all cases in which, prior to the Expiry Date, a Change of Control occurs, the Beneficiary is recognized the right to continue his participation in the Plan, without prejudice to any different contractual proposals made by the party that acquires control, i.e. to exercise the totality of the allocated Options, even though the related Vesting Period has not yet expired and independently of achievement of the Objectives.

By “Change of Control” is meant the case in which:

- (i) Remo Ruffini ceases to hold, either directly or indirectly, a stake of at least 16% of the share capital of Moncler having voting rights in its Ordinary and Extraordinary Shareholders’ Meetings; or
- (ii) a majority of the members of Moncler’s Board of Directors is elected on the basis of a list presented by a member other than Ruffini Partecipazioni S.r.l.

In the case of unpaid leave of absence, the Beneficiary will retain the rights accorded by the Plan, on condition that the work activity is resumed according to what is provided for in the agreement governing leave. The Beneficiary will not have rights on the exercisable Options limited to the months pertaining to the leave period, according to a *pro rata temporis* criterion, measured on the basis of the days of leave taken with respect to the duration of the Plan, in application of the following formula:

$$x - y$$

$$\text{-----} * \text{number of allocated options} = \text{Number of exercisable options}$$

$$x$$

where:

x= Vesting Period days

y= Days of leave taken

Example:

Number of allocated options 100,000	1095 - 365
x= 36 months, or 1095 days	----- * 100,000 = 66,667
y= 12 months, or 365 days	1095
	Number of exercisable Options 66,667

In relation to termination of the employment relationship as a result of reaching during the Vesting Period the conditions for early retirement or an old-age pension, the Beneficiary will retain the right to exercise the accrued Options on condition of achievement of the Objectives. In relation to termination of the employment relationship due to recognition of a disability pension, the Beneficiary will have the right to exercise all the Options allocated to him by expiry of the time limit of one year from the interruption of the relationship independently of achievement of the related Objectives. Where the interruption of the relationship occurs in the course of the Vesting Period, the Options may be exercised starting from the end of the related Vesting Period and within six months thereof. Options not exercised within such time limits shall be considered to all intents and purposes extinct.

In the case of death of the Beneficiary, his successors may exercise all the allocated Options within the time limit of one year from the date of death, independently of achievement of the related Objectives. Where the death occurs in the course of the Vesting Period, the Options may be exercised starting from the end of the Vesting Period and within six months thereof. Options not exercised within such time limits shall be considered to all intents and purposes extinct.

Without prejudice to what is set forth above, the Board of Directors, having heard the opinion of the Remuneration Committee, may nevertheless decide, on a case by case basis, to grant the Beneficiary or his assigns more favourable conditions.

4.9 Indication of other possible causes of cancellation of the plans

Except as indicated in other paragraphs of this Information Document, no other causes of cancellation of the Plan exist.

4.10 Reasons relating to any provision for a “redemption”, on the part of the company, of the financial instruments that are the subject of the plans, provided for in accordance with Articles 2357 et seq. of the Civil Code; beneficiaries of the redemption, indicating if it is destined only for particular categories of employees; effects of termination of the employment relationship on said redemption

The Plan does not provide for redemption clauses on the part of the Company.

4.11 Any loans or other facilitations which it is intended to grant for purchase of the shares in accordance with Article 2358 of the Civil Code

Not applicable, as the Plan provides for free allocation of Options.

4.12 Indication of evaluations on the expected expense for the company at the date of relative allocation, as determinable on the basis of terms and conditions already defined, for overall amount and in relation to each instrument of the plan

Not applicable, as at the date of this Information Document the Plan has not yet been approved by the Company's Shareholders' Meeting and consequently the Beneficiaries and the number of Shares to allocate to them have not yet been identified.

4.13 Indication of any dilution effects on the capital determined by the remuneration plans

The full subscription of the increase in the share capital for the Plan as a result of the exercise of all the Options and assuming that further capital increases are not made would determine a dilution of 1.97% of the current share capital for the Company's shareholders.

4.14 Number of financial instruments underlying each Option

Each Option gives the right to subscribe one Share.

4.15 Expiry of the options

The expiry of the Options is set at 30 September 2018, the date by which all accrued, non-lapsed Options must absolutely be exercised.

4.16 Manner (American/European), timing (e.g., periods valid for exercise) and exercise clauses (e.g., knock-in and knock-out clauses)

The Options will have an “American” exercise procedure.

For the exercise period of the Options, see Paragraph 4.2 above.

4.19 Price for the exercise of the option or manners and criteria for its determination, with particular regard: a) to the formula for calculating the exercise price in relation to a certain market price (so-called fair market value) (for example: exercise price equal to 90%, 100% or 110% of the market price), and b) to the ways of determining the market price taken as reference for the determination of the exercise price (for example: last price of the day prior to the allocation,

average of the day, average of the last 30 days, etc.)

The Exercise Price of each Option is €10.20.

4.20 Reasons for the difference between the exercise price and the market price as determined pursuant to point 4.19 (fair market value)

The definition of the Exercise Price of the Options and consequently of the issuing price of the newly issued Moncler common shares that is the object of the capital increase for the Plan, equal to €10.20 per share, corresponds to the offer price of the Moncler common shares in the sell offer functional to the listing of the shares on the Electronic Share Market carried out between 28 November 2013 and 11 December 2013, following which, as of 16 December 2013, the Moncler common shares are listed and traded on the Electronic Share Market and therefore the authorization resolution to increase the share capital for the incentive plans granted to the Board of the Directors by the Shareholders' Meeting of 1 October 2013 came into effect. The price determination was made by the Board of Directors in conformity with the criteria established by law and by the Shareholders' Meeting of 1 October 2013, in consideration of the aims of the Plan, functional to the listing procedure of the Company's common shares, on the basis of the value of the Company's net assets, taking into account that the placing price of the shares adequately represents their market value. It was in fact determined in the context of the sell offer procedure, aimed at institutional investors and the general public, functional to the listing of the shares on the Electronic Share Market, aimed, among other things, at insuring (i) the dialectic in the setting of the market value of the shares between the market (i.e. the institutional investors purchasing in the context of the offer) and the investment proponents (i.e. in the case at hand the selling shareholders), as well as (ii) the transparency and protection of the investors. It was also considered that the different listing values of the shares recorded in the limited period of their trading on the Electronic Share Market, on which shares traded for little more than a month, suffer from volatility and instability phenomena typically connected also with the recent listing which do not make it possible to consider reference to such values adequate.

4.21 Criteria on whose basis different exercise prices among various addressee parties or various categories of parties are foreseen

Not applicable, as the Plan foresees the same Exercise Price for all Beneficiaries.

4.22 In the event that the financial instruments underlying the Options are not traded on regulated markets, indication of the value attributable to the underlying instruments or the criteria for determining this value

Not applicable, as the Shares underlying the Options are traded on the Electronic Share Market.

4.23 Criteria for the adjustments made necessary as a result of extraordinary operations on the capital and of other operations that involve variation of the number of underlying instruments (capital increases, extraordinary dividends, split-down and splitting of the underlying shares, merger and demerger, conversion operations into other categories of shares, etc.)

In case of extraordinary operations regarding Moncler – including but not limited to operations of split-down and splitting of the Shares; operations of free increase of the share capital of Moncler; operations of increasing the share capital of Moncler on a paid basis with the issue of Shares, of special categories of shares, of shares combined with warrants, convertible bonds and convertible bonds with warrants; merger and demerger operations of Moncler; distribution of extraordinary dividends on the Shares with the withdrawal of Moncler reserves; operations of reducing Moncler's share capital; transfers and contributions of company divisions – as well as legislative or regulatory modifications or of other events likely to influence the Objectives, the Options, the Shares or the Plan, the Board of Directors will have the right to make the amendments and additions to the Plan deemed necessary and/or advisable to maintain the essential contents of the Plan as unchanged as possible, in keeping with the objectives and aims it pursues.

Such amendments and additions may have as object the number and the type of Shares which are the

object of the Options, the exercise price, the Objectives, the Vesting Period, the Exercise Period and expiry of the Options. The Board of Directors may also suspend exercise of the Options for a maximum period of three months in order to be able to take its decisions in regard to the above.

4.24 Remuneration plans based on financial instruments

Not applicable, as at the date of this Information Document the Plan has not yet been approved by the Company's Shareholders' Meeting.
