INTERIM MANAGEMENT STATEMENT

“In the last nine months we have experienced unexpected events – difficult, to be sure, but also highly formative. I think it is our duty now to take what we have learnt and turn it into something valuable for the future. I know I always ask a lot of all my people, but as I often say, in these months it has been their capacity to act, to change, to adapt and to improvise that has convinced me that our Company, and above all our Brand, are protected and founded on solid pillars.”

(*) All growth rates are at constant exchange rates, unless otherwise stated

- Americas

Korea and Taiwan also recorded sound positive growth in the quarter, despite the reduction in international travel

Japan performance remained negative in Q3, penalised by a demanding base of comparison and the limitations on traffic to contain the spread of the Covid-19 virus

HK SAR has been the worst performer in the region, suffering from the lack of travellers and the impacts of the Covid-19

REVENUE ANALYSIS (Eur M)

- Americas
- Asia & RoW
